Kanoo Energy exhibits sustainable energy solutions, holds annual Gala Dinner at ADIPEC 2022

Kanoo Energy, a business unit of Kanoo Industrial & Energy, showcased its range of world-class sustainable technological innovations once again at Abu Dhabi International Petroleum Exhibition and Conference (ADIPEC) 2022, which was held from October 31 to November 3 at the Abu Dhabi National Exhibition Centre (ADNEC).

Kanoo Energy has been participating at ADIPEC regularly for almost two decades now in order to strengthen existing partnerships and create new ones. This year, the division presented its strategy and solutions that are accelerating the growing demand for energy transition

Through its collaborative offerings divided in industrial and technology categories, Kanoo Energy managed to attract innovators and experts across the world and mirror its commitment to enable the industry here in the UAE to move towards a low-carbon economy – a move that is central to the Sustainability Goals.

Among these products recently showcased and introduced included screw pump technology and progressive cavity pumps, bulk fluid handling solutions, high-quality safety equipment, carbon capture solutions, 3D printing and additive manufacturing technology, unique laser-based scan technology to

measure greenhouse gas emissions, Insulation (CuI) & Risk Based Inspection (RBI) services, zero-emission assembling solutions, and Dilating Disk Valves, among others.

Manoj Tripathy, CEO at Kanoo Industrial and Energy, added: “We are contributing towards building national capacities in energy technologies. This involves Kanoo Energy investing into renewable energy, gas-fired power solutions, the internet of things (IoT), using AI in an energy production unit, 3D printing, and additive manufacturing, etc.”

Commenting on the participation, Ali Abdulla Kanoo, president at Kanoo Industrial and Energy, said: “For over decades now, ADIPEC remains a very important platform and a great initiative from ADNOC. It is a great arrangement to bring together global industry leaders from around the world. With our participation at ADIPEC 2022, Kanoo Energy strengthens our commitment to align with the UAE vision to pioneer a new era of technology development in the future of energy.”

Some of the major key partners that showcased their solutions this year as part of the Kanoo Energy stand included Circor, Woodfield, Uvex, Dopak, Keksa, Kongsberg Ferrotech, Mirico, Carbon Clean, Corrosion Radar, Imaginarium, and Clarke Valve.

ADIPEC Annual Gala Dinner

Kanoo Energy also held its annual Gala dinner at W Hotel Sky Lounge in Abu Dhabi on November 1 to celebrate its participation, as well honor its industry partners and division members that played a huge part in the success of the event. The dinner, which saw live entertainment and networking activities, was attended by participating principals, staff members and some key invitees,

Among those who attended included Maarten Geeraerts, the Group CEO of Yusuf bin Ahmed Kanoo Group, and Fahad Kanoo, the CEO of The Kanoo Group. In addition, Manoj Kumar Tripathy, CEO of I&E welcomed the gathering, while Ali Abdulla Kanoo, President, I&E delivered the keynote address.

In addition, the following partners and members were recognized at the event:

- Eastman for being the best performing principal award and the best distributor in the region
- Uvex for its supreme performance in 2022 and for being a partner of Kanoo Energy for more than 3 decades
- Kanoo Energy's staff members, Sai Gokul and Mohamed Azharuddin for being joint Employees of the Year
- Kanoo Energy (honored by Uvex and Clarke Valve) for being the best distributor
- BASF for being one of the leading performers this year.

largest family-owned independent groups of companies in the region. Within The Yusuf Bin Ahmed Kanoo Group, the Industrial & Energy Business group is a leading Engineering service provider to the core sector Industries, covering but not limiting to: Oil & Gas, Power, Utility, Mining, and Construction etc. across Saudi Arabia, UAE, Bahrain, and Oman. The Group also has at least 30 plus Joint Ventures in the region—successfully running them with some of the reputed names from around the world like HALLIBURTON, BASF, and AKZO NOBEL, etc.

Hosted by the Abu Dhabi National Oil Company (ADNOC), ADIPEC is the world's most influential meeting place where oil, gas and energy companies and professionals convene in-person, safely and securely. These industry experts engage and identify the opportunities that will unlock new value in an evolving energy landscape.
